

# Cervical Cancer Screening

NHS offers tests to help find cancer sooner.

This is called the **National Cancer Screening Programme**

Cervical screening is offered to:

- Women
- Between the age of 25 - 64

The cervix is inside your body above the vagina. You cannot see it.

# Cervical Cancer Screening

A doctor or nurse will do a test to check for a virus in the Cervix early so that they can treat you in time.

Please come for your  
Cancer Screening  
Appointment

Your GP will write to you to tell  
you if you are due to have any of  
the Cancer Screening  
appointments

If you are between 25-49 years  
you will be invited every 3 years  
for the screening

If you are between 50-64 years  
you will be invited every 5 years  
for the screening
